

## Gas Detection Assist

### Release History

Version	Release-date	Features	Bugfixes	Minimum iOS Version	Minimum Android Version	Supported devices
Version 1.0.0	06.03.2024	LiveView mode		Version 15	Version 13	Polytron 6100
		view transmitter informations mode (more information)				
		Zero/Span calibration				
		Bumptest				
		calibration settings				
		set date and time				
		set Battery/Line powered option and Batterychange				
Version 1.1.0	13.08.2024	Demonstration modus for GDA		Version 15	Version 14	Polytron 6100
		Fixed scaling on calibration wizard for zero-calibration				
		Continue improvement of Bluetooth connection/pairing				
		Update option of list of found devices during scan for pairing. "pull down" function				
		Implementation support hotline numbers in GDA				
		Dynamic countdown of warm-up times in more information page				
		Adding LOT-umber of test gases in calibration wizard /documentation				
			General bugfixes			

Version	Release-date	Features	Bugfixes	Minimum iOS Version	Minimum Android Version	Supported devices
Version 1.2.0	12.12.2024	Design change of LiveView mode		Version 15	Version 14	Polytron 6100
		Visualization of Errors and Warnings				
		Download and settings option for Datalogger				
		Identify function of Transmitter				
			General bugfixes			
Version 1.3.0	03.06.2025	Support of Polytron Repeater		Version 15	Version 14	Polytron 6100  Polytron Repeater
		LED test				
		Evaluation of T10/90 time at span adjustment				
		Provisioning of ISA 100 and Wireless HART Network				
		Network test of Signal Strength of Wireless Network				
			General bugfixes
